Mumbai, December 17

Bajaj Allianz General Insurance on Friday announced the launch of a 'Health Prime' rider, which can be availed along with the insurer's health insurance and personal accident policies.

"The idea behind this rider is to provide holistic healthcare solutions," the company said in a statement, adding that it has tied up with Bajaj Finserv Health, a health-tech company which will leverage its extensive network of more than 2,500 lab chains and 90,000 doctors with various specialities to serve the customers of Bajaj Allianz General Insurance.

The rider covers four key areas, including tele-consultation cover, doctor consultation cover, investigations cover for pathology or radiology expenses and annual preventive health check-up cover in a cashless manner.
